

HAPPY WORLD OCEAN DAY

Living Reefs Foundation

The Living Reefs Foundation is the first of its kind in Bermuda. Since our beginning in 2016, we are excited to report that in 4 years we have really seen our charity and the corals mature and grow. Find out more : <https://www.livingreefs.org/>

HOW FAR HAVE WE COME?

2016- First Coral Garden Adopted and ready to grow in Castle Harbour

2017-2018- Underwater gardening 5 different species of Bermuda corals

2019- Our new land-based coral producing hatchery, AND our first Coral Garden Workshops!

2020- More Coral Gardens to come and building our coral gardeners team

SO HOW CAN YOU GET INVOLVED IN KEEPING OUR REEFS BEAUTIFUL ?

With Over 200 miles of natural wealth and protection, Bermuda is nothing without our amazing reefs. We rely on them for:

- Storm Protection
- Flood Damage
- Tourism
- Fisheries

JOIN US!

Sign up for one of our fascinating Coral Gardening Workshops!
